# EPHRAIM EYRAM KUAGBEDZI

## SOFTWARE ENGINEER

Male | Ghana

I am a versatile professional skilled in virtual assistance and frontend engineering. As a virtual assistant, I manage administrative tasks and communication, ensuring smooth operations. As a frontend engineer, I create responsive user interfaces using the latest web technologies. My dual skill set streamlines workflows and enhances digital experiences for my clients.

## Professional Experience

### FRONTEND ENGINEER

LOVEWORLD

Jun 2024 - Present | Part-Time

- Frontend Engineer: I create responsive user interfaces using the latest web technologies.
